

Pandas are in danger

Work of Henrique Lin

Year 4

VILAMOURA INTERNATIONAL SCHOOL

I am from China and am interested in pandas. They look after pandas in China. This is a poster I found and copied.

Panda are in danger how?

- There are only 2060 pandas living in the wild.
- The giant panda is in danger.
- There are lots of people in China and they hurt the pandas' habitat.
- Pandas do not have much space left.

How can we help them?

- **I want the people in the world to protect Giant Pandas;**
- We should grow more bamboo;
- We should make their habitat safe;
- We should stop people hurting them;
- We should help them have more babies;
- There should be lots of scientists to help.
-

Habitats

- **Pandas** live in forests in China. They eat lots of bamboo. They live in the mountains.

Which Country has the most pandas?

- China has 67 special places for pandas.
- More than 66% of the giant pandas live in the wild.

LET'S SAVE OUR PANDAS
